Philadelphia, June 1st 1886

Mr. D. M. Fox

Dear Sir

I write to ask permission to see my brother – N. S. Beekley – at the mint, when I stop for that purpose – as the usher at the door tells me that it will be necessary for me to secure your permission before I can be allowed to see him as I have been accustomed to – It is necessary for me to see him occasionally and as he goes to work so early in the morning and stays so late at night it is impossible for me to see him at his home

Hoping you will see the advisability of this permission

I am very respectfully yours

Wm. M. Beekley
